ABOUT ME

My name is Aldo Ulises Becerra. I am a student of Academlo. I am currently working with React, JavaScript HTML, CSS and node. I am passionate about creating digital experiences with excellent design and good functionalities. My goal is to work in a digital company..

WORK EXPERIENCE

Ecommerce with React   May 2023

E-commerce application developed with React

- All the creation of the design was using tailwind being very similar to the sample one..
- API consumption of electronic products to simulate an online store where a login is made..
- Link: https://ulises-ecomerce-react.netlify.app

School Newspaper with React Native   May 2022

Communication application through school news developed with React Native

- Construction of the application for a student community of more than 900 students with the use of ICT in one month.
- 70% of the development was made with self-learning by reading documentation and a little ingenuity in the development of an "API".
- Work and leader of a team of 4 people using the Scrum methodology
